

VH66S

PRODUCT DESCRIPTION

The VH66S Pneumatic Reservoir Spray Glue Gun is a pressure sensitive spray gun. The reservoir melt chamber allows the use of pressure sensitive (permanently tacky) hot melt glue pillows. Air assistance gives effortless glue delivery and minimises operator fatigue.

APPLICATION INFORMATION

- Used for carpet laying, mattress making, and point of sale displays.
- Also used for pallet stabilisation to prevent plastic sacks and wax coated cartons from slipping during wrapping and transportation.
- Warm up time: 8-10 minutes.
- Works best with Venus 43mm spray glue slugs or hot melt glue pillows.

PHYSICAL PROPERTIES

Note: The following technical information and data should be considered representative or typical only.

Weight of Unit	1450g
Glue Required	43mm spray glue slugs, granules and pillows
Temp. range	180°C - 195°C
Melt Rate	Granules 1kg/ hour – Slugs 2.5kg/ hour
Air Supply	1.5 to 6 bars
Wattage	600w
Heater	Cartridge
Temp Control	Preset thermostat
Power Cable	3 metres
