

Gas Glue 600

PRODUCT DESCRIPTION

The Gas Glue 600 is a medium duty, compact and cordless hot melt glue gun that runs on butane gas. As it does not use electricity, it is extremely versatile and portable. The gas cartridge is refillable using a standard butane canister. A full cartridge will give approximately 90 minutes of running time, dispensing up to 1.7kg of hot melt glue per hour.

APPLICATION INFORMATION

- Used in a wide variety of applications including solid surface installation, carpet tacking, exhibition displays, low voltage wiring, home use and more.
- Warm up time: 5 minutes.
- Works best with Venus 12mm Hot Melt Glue Sticks.
